Optimizer® Ear Tags

Optimizer® is an economical organophosphate tag containing 20% diazinon, performs well in areas with horn fly pyrethroid resistance. Optimizer controls horn flies, Gulf Coast ticks, spinose ear ticks, lice and aids in control of face flies up to 5 months with 2 tags per head. Optimizer is approved for use on beef and non-lactating dairy cattle. Optimizer is ideal for rotation with Python to help manage horn fly resistance to insecticides. 20 per box. (2-9-6720)
